

Drinking Yourself Lonely  
Lyric Sheet

V1:

Phone rings at two A.M.  
It's drunk you calling me again  
From a bar downtown  
Your voice is muffled by the late-night crowd saying  
Your glass is empty and you're all alone  
The jukebox quit in the middle of our song, our song

Pre Chorus:

You say you miss me  
Say you need me  
But I don't think you're thinking straight  
How many cold ones did you drink?

Chorus:

Cause you only think of me  
when your eight beers deep  
Balancing on a barstool  
I'm only one your mind  
When you've got time to waste  
And nothing better to do  
If I was a neon you'd be on  
Your way to see me  
Instead of drinking, drinking, drinking  
Yourself lonely.

V2:

Headlights burning down Mainstreet  
Head to the bar where you said you'd be  
And there you were in a cigarette smoke haze  
Talking to a girl with your hand on her waist  
I should have now that your wasted mind  
Would go ahead and waste my time, my time

Pre Chorus:
